

12) The school's arrangements for supporting pupils with special educational needs in a transfer between phases of education or in preparation for adulthood and independent living.

How will the school prepare and support my child to join the school, transfer to a new setting or to the next stage of education and life?

We have close links with our local Secondary School, Honiton Community College, as we are part of the same Learning Community. We arrange for several transition meetings and visits, to ensure that our children are familiar and happy with their new school, with additional visits for those children with additional needs. We also have children who transfer to all the local secondary schools (Kings School, Woodruffe and Colyton Grammar), and we support them in making additional visits as and when required. Information is shared to ensure as seamless a transition as possible.
