

Word mat

active volcano	archipelago	blubber	chordate
adaptation	Arctic Basin	boreal forest	classification
altitude	Arctic Circle	breeding	classification key
amphibian	Arctic Ocean	brood pouch	climate
animal kingdom	Arctic region	camouflage	climate change
Antarctic Circle	atmosphere	Captain James Cook	commercial fishing
Antarctic Circumpolar Current	base camp	carbon dioxide	compaction
Antarctic Peninsula	behavioural adaptation	carbon footprint	coniferous
Antarctica	bird	carnivore	continent
aquatic animal	blizzard	characteristic	crevasse

culture	environment	fish	greenhouse effect
cyclone	equator	fjord	greenhouse gas emissions
damage	equatorial zone	flora	habitat
deforestation	Ernest Shackleton	fossil fuel	headwind
desert	evergreen	freezing point	herbivore
desert zone	evolution	freshwater	herding
disastrous	expedition	frostbite	hibernation
distress signal	exploration	fur	horizon
dry valley	extinction	glacial lake	hunting
Earth	extreme weather	glacier	hydropower
ecosystem	fauna	global warming	hypothermia

ice calving	inhospitable	mainland	natural reserve
ice cap	Inuit	malnutrition	natural resource
ice field	invertebrate	mammal	nocturnal
ice sheet	island	maritime	nomadic
ice shelf	journey	methane	North Pole
iceberg	katabatic wind	Midnight Sun	Northern Hemisphere
immigrant	landmass	migration	nutrient
income	landscape	mining	overcrowding
incubate	limitation	modern	permafrost
indigenous	line of latitude	Mount Erebus	physical adaptation
industry	line of longitude	native	phytoplankton

plateau	remote	season	temperate zone
polar climate	reptile	semi-nomadic	temperature
polar day	rescue	settlement	terrestrial animal
polar night	research station	snow	thermal insulator
polar region	RMS <i>Titanic</i>	South Pole	topography
polar zone	Roald Amundsen	Southern Hemisphere	tourism
pollution	Robert Falcon Scott	Southern Ocean	traditional
population	salt water	species	tragedy
precipitation	scientist	specimen	Transantarctic Mountains
Prime Meridian	sea ice	steamship	Tropic of Cancer
protection	sea level	survival	Tropic of Capricorn

tropical zone	vegetation	warning	wilderness
tundra	vertebrate	whaling	wildlife
United Nations	voyage	whiteout
